STEWART
MOUNTAIN SKILLS

Winter Climbing Course
Information Pack
Winter 2016/17

Location

With Aviemore as our base we are perfectly placed to make the most of the ski road access to the high plateau of the Northern Cairngorms, offering a wide range of options for our course. We may also use other nearby mountain areas such as Ben Nevis, Aonach Mor or Creag Meagaidh.

Other mountain bases can be arranged on request, such as Glencoe, Fort William or Torridon.

Meeting place

For open courses we will meet at 0830 in the Active café in Aviemore. Just beyond the Youth Hostel on the left on the way into town from the south.

For Bespoke courses we can arrange a meeting at your accommodation if you prefer.

Course content

On all courses we will choose the content of each day to make the best use of the prevailing conditions, as well as the aspirations and fitness of the team. However here is a sample course to give you an idea of the topics and journeys covered.

Day 1

Meet in Aviemore for introductions and equipment check
Cairngorm ski car park and journey into the northern corries where we would climb a route looking at developing movement skills to take in steeper snow slopes, icy steps and mixed ground.
Belaying and multi-pitch stance management
Understanding the snowpack and avalanche risk.

Day 2

Again we might head for the easy access at Cairngorm and climb another gully or mixed route:

Build on the skills from day one and also look at:

Finding and assessing protection

Leading skills.

Navigation skills on the high plateau.
